

St. Louis Astronomical Society Astrophotography Resources <http://www.slasonline.org/astrophotoresources.html>

SLAS member pages

Gregg Ruppel's Astrophotography page <http://www.ruppel.darkhorizons.org/> Excellent photographs, works constantly, pages for techniques and getting started.

Jim Melka's Image pages <http://asemonline.org/archives/category/members-pages/jim-melkas-pages/> Jim is also a member of the Astronomical Society of Eastern Missouri. He specializes in planetary images.

Getting Started

Photography with a tripod by Keith Cooley <http://home.hiwaay.net/~krcool/Astro/asthwt0/TriAst.htm>

Photography with a video camera

Article from Sky and Telescope - <http://skytonight.com/howto/astrophotography/3437996.html>

Photography with a Web Cam

Article with techniques - <http://www.ricksastro.com/Techniques.htm>
http://imac-252a.stanford.edu/twiki/pub/Main/WebHome/webcam_c1.pdf
http://sctscopes.net/Photo_Basics/Webcams_for_Planets/webcams_for_planets.html

Photography with a Barn Door Tracker

Jeff DeTray: Astronomy Boy - <http://www.astronomyboy.com/barndoor/> article on how to build a barn door.

Image processing

Processing flow from Russell Croman's page - <http://www.rc-astro.com/resources/index.html>

Collections of articles

Jerry Lodriguss - http://www.astropix.com/HTML/I_ASTROP/TOC_AP.HTM Great set of articles.

Sky and Telescopes Astrophotography guides - <http://skytonight.com/howto/astrophotography/>

Oliver Thizy - <http://www.galaxyphoto.com/thizy.html>

Books

Astrophotography for the Amateur – Michael Covington - <http://www.covingtoninnovations.com/astro/>

The following are available at skymaps.com - <http://www.skymaps.com/store/cat15.html>

A Guide to Astrophotography with Digital SLR Cameras

CCD Astrophotography – High Quality Imaging from the Suburbs

Video Astronomy: Sky & Telescope Observer's Guides

Digital Astrophotography – Patrick Moore's Practical Astronomy Series

Astronomy Hacks – Robert Thompson and Barbara Thompson

Introduction to Digital Astrophotography: Imaging the Universe with a Digital Camera – Robert Reeves -

<http://www.willbell.com/DigitaAstrophoto/Default.htm>

Introduction to Webcam Astrophotography - <http://www.willbell.com/WebcamAstrophoto/webcam.htm>

Handbook of Astronomical Image Processing – Richard Berry and James Burnell - <http://www.willbell.com/aip/Index.htm>

Individual Pages for Astrophotography

Jerry Lodriguss - <http://www.astropix.com/>

Russell Croman Astrophotography - <http://www.rc-astro.com/>

Keith Cooley - <http://home.hiwaay.net/~krcool/Astro/Astro2.htm>

Al Kelly's CCD Astrophotography page - <http://www.ghq.net/akelly/>

Phillip Perkins – AstroCruise.com - <http://www.astrocruise.com/>

CCD Imaging Webring - http://k.webring.com/hub?ring=ccd_astro

Software

Registax - <http://www.astronomie.be/registax/>

Registax Tutorials - http://www.davesastro.co.uk/techniques/registax_tutorial/index.html
